

THE FOOTBALL TOUR

Malaga Football Club is in fashion! Since the buying of the club by Sheik Abdullah Al-Thani in 2010 and the signing of big name national and international players, interest is peaking in what is going on at Malaga F.C.

Malaga Bike Tours FOOTBALL TOUR aims for visitors to experience Malaga through the history of its football club: Málaga C.F. You will be taken on an enthralling ride through over one hundred years of history of the club and how it relates to various important monuments and areas of the city. Along the route, our guides will tell you all about the trials and tribulations of the team that has descended the most times to the second division of the Spanish league, its disappearance, a murdered president, bribes-even by nuns- and traditions and anecdotes of the die-hard fans, the players and the owners.

The tour includes a guided tour of 'La Rosaleda': Malaga's football stadium and a visit to the museum of the club. On the way back to the city, we take a break at a traditional Malagueño establishment and enjoy a complimentary drink whilst hearing more Malaga football trivia.

Tour bookings must coincide with the opening hours of the museum of the stadium. The Football Tour is available Monday to Wednesday at 10 a.m. and 2 p.m. and Thursday to Saturday at 2 p.m. The Football Tour is not available on Sundays. The tour lasts approximately four hours (including the stadium visit). The Football Tour is available in English and Dutch.
